Shimmering Moon Bow Front Chest

The Shimmering Moon bow front chest from Jonathan Charles' esteemed Serene portfolio is the pinnacle of ornamental expression. Hand painted nature scenes dance across a blanket of glistening silver leaf in a masterful display of luminosity and depth that ignites fascination and draws the eye from across the room. The wood frame is topped by a recessed glass pane and contains three soft-close drawers, each adorned with two acrylic gold-accented handles. Built by Jonathan Charles' world-renowned craftsmen and women, this chest possesses the long-lasting value and quality construction characteristic of heirloom antiques. A unique and cherished statement piece, Shimmering Moon will serve as an enchanting presence for generations
