Bel Canto Bronze Wall Sconce

At first glance the Bel Canto Bronze Wall Sconce has few distinctive design elements but a longer look brings the raised circlets of metal near the light source and at the point where the stem attaches to the wall-plate into view. There's also a hint of one as the narrowing point of its body reaches its culmination as gracefully as an opera conductor's wand. The black wall sconce is made of metal in an oil-rubbed bronze finish, and is ADA compliant and certified for damp locations.

We also offer the Bel Canto in antique brass and polished nickel finishes.
