Dorian Pedestal

With gorgeously rich surface details, the Dorian Pedestal is clad in oak veneers that are laser cut and laid in place like pieces being fitted into a jigsaw puzzle. The panels of diamond box patterns are flanked by black racing stripes to add depth to the piece. The fact that each element is cut and hand-applied makes this an artisanal statement, and the inset base and top add character to the wood pedestal. This lovely art pedestal was designed by Aimee Kurzner.
