Milione Medium Blue Vase

Our Milione Medium Blue Vase is made by a group of elderly women who live at the border of Burma and Thailand. The black ceramic vase has a white glazing and tiny blue leaves, each applied by hand to the side of the vase. This white vase is truly an artisanal piece, as each leaf is hand-glazed with a very subtle blue glazing. We also offer the Milione in blue in small and large sizes, and in green in all three sizes.
