## Evie Entry Table

The Evie Shagreen Entry Table is made of mahogany in a dark walnut finish. The wood-framed top and panels covered in ivory faux shagreen are accented with exquisite brass pulls. The octagonal table has four drawers with ball-bearing slides.

This ivory entry table was inspired by vintage shagreen furniture from the 1920s. A glass top is available for the Evie, which is sold separately. We have a number of offerings in this family of furnishings.
