Maya Blue Credenza

Elegantly proportioned, the Maya Blue Credenza is covered in a hand-wrapped blue linen that is lacquered, a treatment Aimee Kurzner uses to bring subtle texture to a piece of furniture.

The four soft-close doors open to reveal eight adjustable shelves. The polished stainless-steel drawer pulls are works of art in their own right; the cast-brass creations in a polished stainless-steel finish matching the undulant base to make this piece a balanced composition that will brighten its spot in any space.
