Maya Blue Console Table

Elegantly proportioned, the Maya Blue Console Table is covered in a blue lacquered linen, a material Aimee Kurzner uses to bring subtle texture to a piece of furniture. The interior of the single drawer in the middle is clad in mahogany veneer with a washed finish. The polished stainless-steel drawer pull is a work of art in its own right, the cast-brass creation in a polished stainless-steel finish matching the ferrules to make this piece a balanced composition that will brighten its spot in a foyer or in any space.
