## Hayford Drinks Table

The rustic flair of the Hayford Drinks Table makes this black occasional table a nice match for an industrial chic interior or the popular modern farmhouse style. Made of iron in a black finish, design details of note on this black drinks table include the narrowing of the legs as they reach the top, the H-shaped stretcher, and the cube shapes at its feet. Culminating it with a green marble top brings a lively pop of colour to the Hayford.
