Liquid Gold Console Table

In the Sasha Bikoff Collection, the Liquid Gold Console Table lives up to its name, as the brass from which the console table is made, in a luminous gold finish, seems to be liquifying as it drips from the matte top. Living up to her reputation of designing products that add bling to a space, this new addition to her collection will do just that.

Liquid Gold Console Table

A2 4000-0128

Dimensions

1499 X 368 X 797MM HIGH
