Tanay Brass Cocktail Table

The Tanay Brass Cocktail Table is not shy when it comes to infusing a space with an incredible mix of textures. Not only does the cast aluminium top have tell-tale pitting on the surfaces of its gleaming gold interior and exterior edge, the bottom of its tabletop is stamped in a snakeskin pattern in a graphite finish. This masterpiece of artistry sits atop a black iron base that is minimal to allow the artisanal top to be the scene-stealer. This coffee table is a petite size so it is an excellent choice for small spaces and apartments.
