## Barbican Single Light Brass Wall Sconce

The Barbican Single-Light Brass Wall Sconce has a tubular stem that balances a cup-like shape into which a translucent glass globe nestles. Also meant to keep the design minimal is the button-like hardware that Ian Thornton designed to be as streamlined as possible. This gold sconce is included in our Bagno Collection of damp-rated lighting that is designed specifically for bathrooms. The Barbican can be mounted sideways to fit over a mirror.
