

Cromwell

Kokomo Small Table Lamp

An homage to Japanese design, the Kokomo Small Table Lamp has sleek lines and a minimal flair. Perched on a base made of wrought iron that has been painted a deep black is a natural raffia shade that provides a pale contrast. Just as traditional shoji screens bring pale, textural warmth to a space, the Kokomo brings the same to its spot in a room. We also offer the raffia table lamp in a larger size.
