Cromwell

Hyson Table Lamp

A composition of natural horn and wood, the Hyson Table
Lamp is at once modern and primitive. The clean-lined
columnar shape of the body puts the brown table lamp in the
contemporary category while the graining in the natural wood,
the texture of the chiselled bone, and the highly textured
natural linen drum shade concocts the ruse that it is a vintage
piece. The hardware and finial in a brass finish add to the
warmth of the Hyson.

Hyson Table Lamp

Dimensions 432 X 432 X 686MM HIGH
