Norene Demetira Wing Chair

The Norene Demetira Wing Chair is made of Mindi wood in a fog Gray finish that matches the darker tones in the nubby upholstery fabric. The raised white lines bring a textural feel to the seat and back cushions, as does the way the wood grain shows through the finish that lightens the material so beautifully. Special attributes about the design of this Gray wing-back chair are the bobbin, or spool, ornamentations that are intermittently placed along its frame and the way the base supports the seat rail on three sides, leaving the front open.
