Carmel Spring Lounge Chair

The airy frame of the Carmel Spring Lounge Chair in a slate grey finish is built for support and style. Sit back and relax it says as its generous cushions embrace the body and its curved arms bend at the perfect height for kicking-back. The wrought aluminium from which it is made makes this outdoor lounge chair as durable as it is stylish. There is only one caveat: you won't be able to resist the urge to gently rock in this roomy patio lounge chair!
