

Cromwell

Arlington Platform Bed

The Arlington bed features graceful lines, blending a button-tufted upholstered panel, sheltered by soft returns on each end, with textured veneer panels on the side rails and footboard. The standard fabric on the headboard, as shown, is Sebring - a woven chenille in an arctic white coloration. the headboard panel is also available in custom fabrics as 415-144UHB, for an upcharge. We recommend using a Mattress and Base Ensemble

Arlington Platform Bed A7 415-144C
