

Cromwell

Sunset Key Callum Buffet

The buffet features four doors with dimensional overlay panels and borders in the Sand Drift finish with the contrasting Shadow finish to highlight the shadowing effect. There are two adjustable shelves behind each of the outside doors and one soft-close drawer and one adjustable shelf behind the centre doors. The top features a floating ultra-clear wavy glass shelf supported by metal brackets in the brushed champagne finish. A canted plinth base reinforces the architectural lines of the design.
