Hyland Park Leather Settee

The Hyland Park settee is one of Barclay Butera's favourites and he has it placed at the foot of his bed in his home. A transitional English Arm design is juxtaposed with traditional deep button tufting on the inside back and arms for an elegant look. The frame is perfectly scaled for bedroom sitting areas, or even as a flanking pair in front of a fireplace. This settee is available in fabric or leather. Shown here in 9004-11 Grade 2 Leather
